

# KATHLEEN FRANCE

Originally from Colorado, Kathleen France moved to New York City to pursue her dream of becoming a musical theatre performer on Broadway. A member of the Actor's Equity Association (AEA) she has traveled the globe as a singer, actress, and dancer in various theatrical tours and productions. Her personal performance career favorites include playing Norma Cassidy in the national tour of *Victor/Victoria*, Mazeppa in *Gypsy*, Fraulein Kost in *Cabaret*, and Rizzo in *Grease*. She has also performed over the years on cruise ships, and for themeparks like Opryland and Walt Disney World. But it was not until working for Tokyo Disneyland in Japan, that she was introduced to the world of voiceovers. She began doing voiceover work for Tokyo Disneyland, and for Sony Records in Japan, and has also recorded a number of foreign language dialect tapes and phonetic videos for Japanese students.

Kathleen enjoyed voiceover work so much, that she continued her studies in New York. She has worked for MTV Animation on their *Celebrity Death Match* Series, has recorded a number of documentary movies, commercials, promos, radio spots, public service announcements and infomercials, and has recently started pursuing audio books on tape. Kathleen worked as a narrator for NYC TV's popular television show *BLUEPRINT NYC*, an historical documentary series highlighting various New York City landmarks. For her performance narration work on this show, Kathleen was nominated for EMMY AWARDS in both 2006 & 2007. Currently, she is the NEW VOICE promoting LINCOLN CENTER.

Kathleen began pursuing the art of cabaret in 2009. Her debut cabaret show entitled *The Book Of Love* was nominated for a 2010 MAC Award (Manhattan Association of Cabarets & Clubs). This show featured many different genres of music including pop, rock, country, jazz standards and musical theatre. She then recorded her first CD with Miranda Music: *The Book Of Love: Live at the Metropolitan Room*. In 2015 Kathleen won her first MAC Award for Best Cabaret Revue for her conceptualized show, REVOLUTION, highlighting wartime music throughout history, and saluting our Veterans. Check her website [www.KathleenFrance.com](http://www.KathleenFrance.com) for bookings and appearances.
